

Landscape Architecture

Capability Statement

Landscape Design | Urban Design | Master Planning | Visual Impact Assessment | Contract Administration

OVERVIEW

The Landscape Architecture team at Project Urban has the experience, skills and flexibility to take on a wide variety of projects across both the public and private sector. We pride ourselves on our breadth of experience and ability to deliver on a broad scope of services including:

Development Applications | Operational Works Drawings | Residential & Industrial Estate Development
Aged Care | Public Parks & Commercial Developments | Health & Education | Urban Spaces | Resort Landscapes
Water Sensitive Urban Design | Play Spaces | Residential Design | Apartment Complexes | Streetscapes | Revegetation

OUR TEAM

Carl Safstrom, AILA
Principal Landscape Architect

With over 19 years experience in both the public and private sector, Carl is a skilled project manager with excellent communication, design, budgeting and delivery skills. With extensive experience in residential estate development, he specialises in leading projects from conception to delivery.

Abi Leybourne
Landscape Architect

Abi has a degree in Landscape Architecture and has more than 5 years experience in the private sector. She has a passion for native plants, materials and residential landscape design. Abi has a Certificate 3 in Production Horticulture and has practical experience designing and maintaining high end residential landscapes.

OUR PHILOSOPHY

By working collaboratively from holistic principles, we design and create inspiring, memorable and enjoyable places which improve people's quality of life. We are agents for positive change, working to realise sustainable community and environmental outcomes. By working to the best of our abilities, we meet and exceed our client's expectations and deliver exemplary projects.
